Owners name _____	
Contact phone number _____	Email _____
Address semen is to be shipped to _____	
_____ P/code _____	
Vet / Inseminators name _____	Ph: _____
Special delivery instructions (if any) _____	

Equinetics provides a chilled semen collection and dispatch service for stallions either resident for the season or for walk-in stallions. Collections are made Monday to Thursday mornings, however, we endeavour to meet all requests made outside these times. It is important to note that freight schedules are restricted on weekends and it may not be possible to have semen delivered on Saturdays, Sundays or Mondays, depending on destination and method of freighting.

Collection Fee per collection - \$ 275.00 (plus freight costs)

If same day or Airport to Airport Freight is required an additional \$200 will be payable. We cannot guarantee same day freight will be available. This will be confirmed as soon as possible after the request has been made.

This fee includes the collection and processing of the semen. The standard collection fee applies if the mare fails to conceive and subsequent collections are ordered for successive cycle/s.

All costs for collection and dispatch of semen are the responsibility of the mare owner unless otherwise specified by the stallion owner. **NO semen will be dispatched until payment has been received by EquiNetics.**

Please note that authorisation for shipment will be sought from the stallion owner prior to semen being dispatched. Make sure you have made the appropriate bookings and payments with the stallion owner prior to a semen request being lodged.

No responsibility for loss of semen can be accepted by EquiNetics once the semen has left our premises.

A reference sample of each collection is retained by EquiNetics for Quality Control purposes. If you or your vet have any concerns regarding the quality of the semen or condition in which it arrived, then please contact us as soon as possible.

Semen transport shipper boxes must be returned to EquiNetics in a timely manner. Australia Post is a suitable method of return.

PAYMENT DETAILS – EFT can be made to BSB 062-676 AC 1023-9476 (J & L Hall t/as EquiNetics)
